Operational Testing Results

Beta Test Date: 07/10/00

Beta Test Team: Ken Barnett  
James Clark  
Andrea Savage

Please provide Boeing with the **Operational Testing Results** by selecting one of the following choices, and mailing this form to Boeing in the attached self-addressed envelope. Also, in accordance with the CUBIC CM Plan, Appendix B, Para 4.1, Step 2 and AIG109969, please submit a message to the CUBIC System presenting the results and Pass/Fail status.

V2.3.6 Operational Testing has successfully passed. Deployment to sites is recommended.

V2.3.6 Operational Testing has been partially completed. An **Additional Operational Testing Release** is required so that testing can be completed. Problems encountered are listed below.

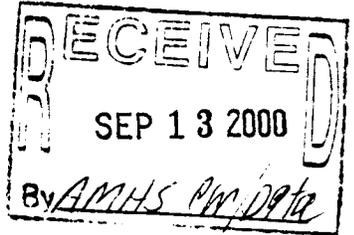

V2.3.6 Operational Testing Failed. Problems encountered are listed below.

Operational Testing Issues: None
